

AL-JAMEA-TUS-SAIFIYAH CALLING SERVICE (Internet Calling)

FOR ANDROID AND IOS

1 Please scan the barcode and install the application.

2 After the installation, open the app and click on the settings icon at the lower right corner which will provide you with server settings. Please enter the following configuration in the setting menu: -

Internal Server Address	10.10.108.8
Port	1025
External Server Address	<u>aljameanairobi.ddns.net</u>
Port	1025
User Location	Automatic
Secure Server Connection	untick/off

After filling in the configuration press OK/Done (You should get an error of "REQUEST FAILED").
